

**Development Sheet:**

**How did Ancient-Greek ideas contribute to medicine?**

1: Using your own knowledge, complete the table to explain how medicine in the pre-historic era contributed to the three areas

<b><u>Areas of medicine</u></b>	<b><u>Impact</u> e.g. what did they do/have?</b>	<b><u>Biggest impact</u></b>
Disease and Infection		
Public Health		
Surgery		

**Pick one question to answer:**

**Grade C- 4marks:** Describe the Ancient Greek Asclepius treatment

**Grade A-A\*-8 marks:** Which area developed the most and why? Explain your answer, considering all three areas of medicine
