

Development Sheet:

How did Ancient-Roman ideas contribute to medicine?

1: Using your own knowledge, complete the table to explain how medicine in the pre-historic era contributed to the three areas

<u>Areas of medicine</u>	<u>Impact</u> e.g. what did they do/have?	<u>Biggest impact</u>
Disease and Infection		
Public Health		
Surgery		

Pick one question to answer:

Grade C- 4marks: Describe Ancient Roman attitudes to treating disease through public health

Grade A-A*-8 marks: Which area developed the most and why? Explain your answer, considering all three areas of medicine
