30<sup>th</sup> September 2015

Dear Parents/Carers,

**Re: Further Additional Science Course**

I thought it only appropriate that I gave you an update on the provision of triple science following the curriculum evening on the 15<sup>th</sup> September. We have listened to your feedback, have collected in the responses from yourselves and can confirm that the demand for the course to continue is high.

As such, we have sourced a fully qualified science teacher to lead the delivery of this course and are currently planning the curriculum timings. In order to complete the controlled assessments for the further additional science course, some after school sessions will need to be attended. This has been standard practice for our further additional students for a number of years.

I thank you for your patience and will write to you to confirm the final timetable commitments for this course as soon as possible. As always please do contact me if you have any questions or concerns.

Yours faithfully

Mr G Hunter  
Head of Science

cc Mrs L Monk, Principal
