

May 2018

Dear Parent/Carer

As you will know, Ark Helenswood Academy has been planning to consolidate its two separate locations into one combined site – at the Lower School. We had been hoping to have the work completed for this coming September, but unfortunately, we have not yet been able to obtain all of the funds required for the move.

As a result, the consolidation will have to be postponed and Year 10 students will be moving to the Upper School site in September to complete their GCSE studies.

I will send around more details about this change in plans, in due course. I'm sorry for any disruption this may cause.

We are still working, along with Ark's central team, to raise the money needed for the consolidation and I will keep you updated on the overall project once we have further news.

Yours faithfully

Ms T Dohel
Principal
