Dear Parent/Carer

Re: Revision guides required to support students in Science lessons

Your daughter is currently studying the Edexcel GCSE for Core and Additional Science. Success in this course requires that all students spend a considerable amount of time revising and consolidating material at home and at school.

As we approach the mock examinations we are requiring that **all students** have a copy of the appropriate Edexcel revision guides. For Year 10 this will be Core. For Year 11 this will be Core (if not previously purchased) and Additional Science. These books are available to purchase from the Science Department. Payment should be made to our Finance Department at the lower school (via the upper school office please put money in an envelope marked with student name, amount, reason for payment and FAO: Finance Dept) or via our online payment system, School Gateway: <https://login.schoolgateway.com/0/auth/login>

The guides are available at a cost of £4 each and are an essential study guide.

Core GCSE Science revision guide ISBN-13: 978-1-4469-0261-5

Additional GCSE Science revision guide ISBN-13: 978-1-4469-0265-3

Your daughter will be required to bring the revision guides to every science lesson from Monday 1st February as they will be used in class to prepare for the Science mock examinations week commencing 22nd February.

If you have any questions or need support in financing the purchase of these books do not hesitate to contact me.

Yours faithfully

Mr Graeme Hunter
Head of Science

PRINCIPAL: Lucy Monk
REGIONAL DIRECTOR: Mark Phillips
