Dear Parent/Carer

Re: Revision guides required to support students in Science lessons

Your daughter is currently studying the AQA GCSE science. Success in this course requires that all students spend a considerable amount of time revising and consolidating material at home and at school. Please find below details of revision guides which are available to support your daughter's out of school learning.

Your daughter will need to purchase the full course books for biology, chemistry and physics. These books are available to purchase from the Science Department at a cost of £5.50 for triple science book and are an essential study guide, as they will be used in class to consolidate learning as well as an information resource. These revision guides also contain a workbook with lots of exam style questions on all the topics they have been learning in lessons.

Triple science course:

Biology: 978 1 78294 583 3 (£5.50-RRP: £10.99)

Chemistry: 978 1 78294 584 0 (£5.50 – RRP: £10.99)

Physics: 978 1 78294 585 7 (£5.50-RRP: £10.99)

The guides are available to purchase through our school online system: ParentPay
<https://www.parentpay.com/> Please ring the upper school office (01424 422470) should you have any problems accessing this.

If you have any questions or need support with which book your daughter needs then do not hesitate to contact me.

Yours faithfully

Mr Chris Applegate
Assistant Head of Science
Head of year 9 and 10 Science
