

Dear Parent/Carer

Re: Triple Science

I am writing to inform you of the next steps for Triple Science. We have secured a teacher to deliver the course and also allocated time for this to occur. As such we are able to offer Triple Science to your daughter this year.

There will be two groups of students who will follow the Triple Science curriculum based on their current GCSE Science class.

Those students who are in **11W band** will be timetabled as follows:

Wednesday	Week 2	Periods 4 & 5	Lab 3
Wednesday	Week 1	After school (14:30 – 16:30)	Lab 1

Those students who are in **11H band** will be timetabled as follows:

Thursday	Week 2	Period 3	Lab 3
Friday	Week 2	Period 1	Lab 3
Wednesday	Week 2	After school (14:30 – 16:30)	Lab 1

Sessions will begin this week (apart from the Thursday session which students have been informed about) according to the above timetable.

Students will be supplied with textbooks (that they will need to return). Revision guides will also be available at a cost of £4 (monies payable to Helenswood Academy, please put in an envelope marked with the student's name, amount and reason, payments can be made to the main office on a Monday and Thursday only please).

Students will need to complete another controlled assessment for the Further Additional Science GCSE and they will be given more details on this at a later date. This will be completed after school.

Further information regarding the Triple Science can be found on the school's VLE.

If you have any further queries regarding the course or exams then please do contact me through the usual channels at the academy.

Yours faithfully

Graeme Hunter
Head of Science and Computing Faculty

PRINCIPAL: Lucy Monk
REGIONAL DIRECTOR: Mark Phillips
